Members attending the 2007 Annual Meeting are receiving a hat embroidered with the “Hard at Work” logo on the side and Contractors Association of West Virginia on the back.

The association has worked out an arrangement with T-Graphics for members to have the hat made with their logo on the front along with the “Hard at Work” logo on the side.

The price for the hat is \$6.85 plus the cost for adding your company logo.

The additional cost of imprinting your company logo will vary based on the number of stitches and whether T-Graphics has your logo on file.
