**TO: CAWV MEMBERS**

**RE: 2019 CAWV LEGISLATIVE NETWORK**

The 2019 legislative session began January 9. There are 37 new House members and seven new senators. The CAWV works tirelessly to ensure that contractors are given a fair hearing at the state house. The impact of our voice is a result of the participation of our members. When we talk to a delegate or senator, they know we are speaking for nearly 20,000 of West Virginia's construction professionals.

***Now, more than ever, we must develop a strong legislative network in order to affect crucial issues as they arise this session. The CAWV Legislative Committee needs to know what legislators you know or are willing to contact as issues arise.*** The committee will provide you with background on the issue and talking points.

Members are asked to please **respond to this email** by replying to [cawv@cawv.org](mailto:cawv@cawv.org) to indicate which legislators you are willing to contact when an issue arises affecting the construction industry. Sometimes it is best to contact legislators when they are home for the weekend.

*Below is a list of the 2019 Legislature. New members are noted in red.*
