December 7, 2018

## **CAWV ANNUAL REPORT HIGHLIGHTS 2018 ACTIVITIES**

The 2018 CAWV Annual Report went in the mail to members this week. The report outlines some of the key issues addressed by the association during the past year. A recent CAWV survey of contractor members shows that 80 percent of contractors believe it will continue or become harder to find construction professionals and nearly 60 percent say it will be harder to find skilled craft workers. “Your CAWV Board of Directors believes these shortages pose a significant risk to future economic growth and is creating a new workforce development plan to address the growing problem,” writes CAWV President Roger Thomas, Kelly Paving, Inc. “Your Board has voted to establish a Workforce Development Task Force to enhance career and technical training programs for construction to put even more West Virginians into high-paying construction careers.”

The President also writes that, “The future is an exciting one for our state, the CAWV and our members. I encourage members to become involved in the many initiatives undertaken by the association in building a better West Virginia.” Enclosed in the report is just a few successes this year on behalf of CAWV members and the construction industry. Look for the CAWV Annual Report in mailboxes next week, or [click here](#) to read online.

## **GOVERNOR JUSTICE APPOINTS ED GAUNCH AS SECRETARY OF COMMERCE**

Governor Justice announced this week that he has appointed C. Edward Gaunch of Kanawha County as Secretary of Commerce for West Virginia. Gaunch will assume his new role in January, after finishing his current term in the West Virginia Senate. Gaunch, who has been a member of the State Senate representing District 8 since 2014, is a native of Boone County. He chaired the Government Organization Committee and was vice chair for a number of other committees including Finance, Transportation and Infrastructure, and Pensions. He also chaired the interims Committee on Flooding, Government Organization, and Government Operations.

“Ed Gaunch has a wealth of business acumen and knowledge and along with his legislative experience he will help us continue to move West Virginia forward and grow our economy as Secretary of Commerce,” Justice said. “I am extremely pleased that he is joining our team and that he has accepted the challenge of continuing to serve West Virginia and our citizens.” The new secretary was president of the Carson Insurance Agency which was a longtime member of the CAWV.

## **DEL. HANSHAW RENOMINATED SPEAKER OF THE HOUSE**

House of Delegates Speaker Roger Hanshaw of Clay County was renominated this week by House Republicans to the speaker’s post in a private caucus. Hanshaw is essentially assured of re-election as speaker on Jan. 9, as Republicans continue to hold the majority of seats in the House. Hanshaw was first elected speaker on Aug. 29. He replaced Tim Armstead of Kanawha

County, who resigned so he could be appointed to the state Supreme Court by Gov. Jim Justice. At the time, Hanshaw acknowledged that the tenure could be short-lived, since the House will hold a new election for speaker when the 84th Legislature convenes on Jan. 9, 2019. Hanshaw's first order of business will be to name a leadership team, including appointing committee chairpersons. He also will have to pick a new majority leader, since his initial selection, Delegate Riley Moore, R-Jefferson, was defeated in the general election.

### **NOVEMBER REVENUE FIGURES RELEASED**

Governor Justice announced on Tuesday that November's revenue collections were \$18.8 million above estimate pushing the Fiscal Year 2019 collections to \$141 million above estimates and 13.2 percent ahead of prior year receipts. It is the eighth consecutive month where collections surpassed estimates. The sharp rise in collections was attributable to very high rates of growth in Severance Tax, Consumer Sales Tax and Personal Income Tax collections. Year-to-date General Fund Severance Tax collections were 45.8% (\$51.5 million) ahead of last year. Year-to-date General Fund Consumer Sales Tax collections were 13.6% (\$65.5 million) ahead of last year. Year-to-date Personal Income Tax collections were 11.6% (\$82.5 million) ahead of last year. For details on revenues, go to [www.budget.wv.gov/reportsandcharts/revenue-reports](http://www.budget.wv.gov/reportsandcharts/revenue-reports).

### **CAWV OPEN HOUSE A GREAT SUCCESS!**

This year's CAWV Holiday Open House was a great success. Many members and guests attended the event on Tuesday, December 4. CAWV members enjoyed hors d'oeuvres, drinks and conversation during the evening event, making it a great opportunity for members to get to know other members. The CAWV would like to extend a very special thank you to members who used the event to donate nonperishable food items and dozens of toys to benefit the U.S. Marine Reserves' "Toys for Tots."

### **MIDYEAR MEETING SPONSORSHIPS NOW AVAILABLE**

Over 250 members have registered for the 2019 Midyear which will be held February 8-13, 2019 at the Westin Grand Cayman Seven Mile Beach Resort & Spa. Sponsorships for the CAWV's most exciting event are available. Secure your sponsorship today! Meeting information and the full sponsorship packet are available online at <http://www.cawv.org/events/midyear-meeting.html>. Contact Cheryl Clark at (304) 342-1166, or email [cclark@cawv.org](mailto:cclark@cawv.org), for more information.

### **WVCN SEEKING WOMEN LEADERS IN CONSTRUCTION INDUSTRY**

The latest issue of *West Virginia Construction News* featured key women in West Virginia's construction industry. This article was first in a series in which WVCN will continue to feature women leaders in our membership. If you have women in your company whose leadership and hard work should not go unnoticed, contact Cassidy Webb at (304) 342-1166, or email [cwebb@cawv.org](mailto:cwebb@cawv.org). Members can view the September / October issue of WVCN by [clicking here](#).

### **YOUR HELP IS NEEDED IN FINALIZING YEAR-END BOOKS**

As we approach the end of the year, we ask your assistance in finalizing our books. Contractors returning their Third Quarter Volume Dues Statement would greatly assist this process. CAWV auditors will be contacting members confirming outstanding accounts. If you have any questions, please contact the CAWV at (304) 342-1166.

## **SLIPS, TRIPS AND FALLS**

OSHA reports slips, trips, or falls cause almost 20 percent of all workplace injuries. Slips and falls do not constitute a primary cause of fatal occupational injuries, but represent the primary cause of lost days from work. A study by the Bureau of Labor Statistics found that 22% of slip/fall incidents resulted in more than 31 days away from work.

According to Workers Compensation statistics from ITT-Hartford Insurance Company, falls account for 16% of all claims and 26% of all costs. This compares to 33% of costs associated with sprains and strains.

Nearly all slips or falls have one or more of these factors as a cause:

1. substandard walking surfaces;
2. surface contaminants;
3. footwear;
4. walking style of the person.

Proper housekeeping and lighting of working and walking surfaces can prevent most slips, trips, and falls. Sometimes surface contaminants can be very difficult to recognize as a hazard and once the hazard is noticed, must be cleaned up to prevent any risk of injury. Wearing the proper footwear for current weather conditions, as well as the surfaces being travelled, is important to prevent slips, trips or falls, and reduce fatigue.

Incidents that can occur on walking and working surfaces:

Trips occur when an obstruction catches the worker's foot and causes him or her to stumble forward. Tripping hazards include cords, equipment, uneven floor mats, and unseen or unexpected objects. These tripping hazards should be picked up and put away after every use, and when they are in use be aware of the danger they could pose in a walkway, such as an electrical cord strung across a sidewalk.

Slips occur when an individual slides along smoothly causing a loss of balance. Slipping hazards include wet, icy, greasy, or soiled ground or floors. People need to wear the proper foot apparel appropriate for the job, such as steel toed and slip resistant. Use absorbents to clean up any spills, especially oily material and corrosive materials.

Falls occur from an individual descending freely by the force of gravity. A fall can happen from any surface higher than four inches such as ladders, hydraulic lifts, large equipment, elevated walkways, ramps, or platforms. Falls may also occur into or through a hole. The majority of falls occur from heights less than 10 feet, so safety precautions need to be taken, even at lower heights.

#### Safe practices for individuals

- Utilize handrails or grab bars in areas where there are stairs or changes in elevation.
- Use 3 points of contact when mounting or dismounting equipment (1 hand/2 feet) or (2 hands/1 foot).
- In wet or icy conditions, take smaller steps and try to ensure your torso stays balanced over your feet.
- Use slip-resistant matting or provide textured surfaces in potentially wet areas.
- Minimize distractions to remain alert to hazards and avoid carrying bulky items that block your view.
- Remove obstructions from travel areas, such as extension cords, power cords, hoses, boxes, or tools.
- Stay alert to parts projecting from machines or equipment.

**Contact the CAWV at (304) 342-1166 for assistance with the safety program.**

The Associated General Contractors (AGC) of America is collaborating with ClickSafety, an OSHA-authorized provider, to deliver a wide range of construction related safety courses online for members at a 10% discount. ## **\$1.2 BILLION INVESTED IN RURAL WATER INFRASTRUCTURE IN 46 STATES**

The USDA has announced its plans to invest \$1.2 billion to help improve and renovate water infrastructure in rural areas of 46 states, a move that is expected to benefit 936,000 people across the nation. USDA is providing financing for 234 water and environmental infrastructure projects through the Water and Waste Disposal Loan and Grant program. The funding will be used for drinking water, stormwater drainage and waste disposal systems for rural communities with 10,000 or fewer residents. See below two projects in West Virginia that will be funded by the grants.

### ***Milton Municipal Utilities Commission***

Loans \$5,800,000 - Grants \$2,100,000

Sanitary sewer collection system improvements to reduce infiltration and inflow, reroute force mains, add another lift station to pump to Salt Rock PSD, eliminate the need for the SSO and create capacity for future growth within and around Milton, and construct an extension of the existing collection system roughly one mile east along Route 60.

### ***Midland Public Service District***

Loans \$600,000 - Grants \$520,000

Makes public water service available to about 132 households in areas that have poor, undependable water wells.

## **EOI: CONSULTING ENGINEER, WHITE OAK WATERLINE EXTENSION PROJECT, COOL RIDGE-FLAT TOP PUBLIC SERVICE DISTRICT**

Expressions of interest will be accepted until 4:00 PM on 1/15/2019 from consulting engineering firms to provide advice and services for the White Oak Waterline Extension Project for the Cool Ridge-Flat Top Public Service District, Cool Ridge, West Virginia. Project activities include project design and construction administration services for the provision of public water service to approximately 30 households along the Raleigh and Summers County border from the intersection of Mount View Road and White Oak Mountain Road heading north on White Oak Mountain Road to the intersection with Hinton Road (Route 3) and extending approximately one mile in each direction on Hinton Road. Expressions of interest should be submitted to Cool Ridge-Flat Top PSD Attention: White Oak Waterline Extension Design Services, PO Box 550, Cool Ridge, West Virginia 25843. For questions or any additional information, contact Jeff Raines, Region I Planning & Development Council, at (304) 431-7225.

## **CONSULTING ENGINEER, TOWN OF TAZEWELL WASTEWATER TREATMENT PLANT UPGRADE, TAZEWELL COUNTY, VIRGINIA**

Statements of qualifications will be accepted until 3:00 PM on 1/16/2019 from qualified engineering firms to provide final design and construction phase services, permitting, surveying, and other tasks for the Tazewell Wastewater Treatment Plant upgrade, 987 Wardell Road, Cedar Bluff, Virginia 24609. Statements of qualifications should be submitted to Mr. Todd Day, Town Manager, Town of Tazewell 211 Central Avenue, P.O. Box 608, Tazewell, Virginia 24651. For questions or any additional information, contact Mr. Todd Day, Town Manager, at (276) 988-2501.

## **GOV. JUSTICE ANNOUNCES \$40 MILLION IN GRANT FUNDING FOR ROAD CONSTRUCTION IN TUCKER, MORGAN COUNTIES**

Governor Jim Justice announced this week that West Virginia will receive \$40 million through the U.S. Department of Transportation's Better Utilizing Investment to Leverage Development (BUILD) Grants. These grants are designated by the Federal Government for use by the West Virginia Department of Transportation on two major projects: a bypass around Berkeley Springs in Morgan County, and construction of approximately 10 miles of Corridor H, a four-lane expressway in Tucker County that is part of the Appalachian Development Highway System. Each project will receive \$20 million. The West Virginia Department of Transportation, with approval from Gov. Justice, advocated for eight BUILD grants this year including the two that were awarded, the New River Parkway in Summers County, Culloden Interchange, U.S. 52 Expansion, Wheeling Complete Street Project, I-70 Interchange in Triadelphia, and a widening project in Berkeley County. Gov. Justice is scheduled to attend a press conference on Tuesday, December 11, in Washington, D.C. to accept the grant award.

## **CAWV JOINT CONCRETE COMMITTEE RESOLVES CONCRETE SPEC ISSUE**

The CAWV Joint Concrete Committee met on Thursday, December 6, at the CAWV headquarters. The committee received an update on the Mass Concrete Study that is being conducted at WVU and discussed several proposed changes in specifications. One of the proposed changes, Adding Water After Superplasticizer (601.7), would have affected a supplier's ability to add water to the mix on the project site. Co-Chair Mike Mance, cement and concrete supervisor for the WVDOH Materials Division, noted that the intent of the specification was not to limit the ability of the supplier to add water at the project and agreed that the wording of the proposed specification change should be changed to reflect the intent. Phil Browne, CAWV Joint Concrete Committee chair, said this shows why the work of CAWV committees are so important. "Without this meeting today, the proposed specification language would have been passed and every supplier in the state would have to comply with a specification that was not the intent of the state," Chairman Browne stated. "By meeting face to face, we were able to resolve the issue and have language in the specification that clearly defines the intent of the change." Co-Chair Mance also reported on the status of several issues that committee members brought to their attention. Look for updates on these issues, and any resulting specification changes, in future Highway/Heavy Bulletins. For more information, contact Pat McDonald at (304) 342-1166, or email [pmcdonald@cawv.org](mailto:pmcdonald@cawv.org).

## **BRIDGE RETROFIT/PAINTING CONTRACT BRP-3-19, BRIDGE 3010N, MERCER COUNTY**

Bids will be accepted until 3:00 PM on 12/27/2018 for bridge retrofit and painting of Bridge 3010N, Mercer County. A **mandatory** pre-bid conference will be held at 10:00 AM on 12/17/2018 at the office of the West Virginia Parkways Authority, Administration Building, Charleston, West Virginia. Bids should be submitted to West Virginia Parkways Authority, P.O. Box 1469, Charleston, West Virginia 25325. Plans and specifications may be obtained from HNTB Corporation, 41 Mission Way, Scott Depot, West Virginia 25560 or by calling (304) 760-

1827. For additional information contact HNTB Corporation at (304) 760-1827 or email [jdeweese@HNTB.com](mailto:jdeweese@HNTB.com).

**TYPE V PRE-FORMED PAVEMENT MARKINGS, VARIOUS WVDOH LOCATIONS, (DOT1900000055)**

Bids will be accepted until 1:30 PM on 1/03/2019 to establish an open-end contract to supply Type V, Category II, pre-formed thermoplastic retroreflective pavement marking materials and required application accessories to various West Virginia Division of Highways locations. Bids should be submitted to Department of Administration, Purchasing Division, 2019 Washington Street East, Charleston, West Virginia 25305. Plans and specifications may be obtained electronically at [www.wvOasis.gov](http://www.wvOasis.gov), solicitation number: DOT1900000055. For additional information contact Crystal Rink at (304) 558-2402 or email [crystal.g.rink@wv.gov](mailto:crystal.g.rink@wv.gov).

**INSTALLATION/PURCHASE, NEW METHANE GAS WELL HEADS, RALEIGH COUNTY SOLID WASTE AUTHORITY**

Bids will be accepted until 1:30 PM on 12/17/2018 for purchase of approximately 4 new methane gas well heads to be installed on about 8-inch PVC pipe for the Raleigh County Solid Waste Authority. Bids should be submitted to 200 Fernandez Drive, Beckley, West Virginia 25801. Plans and specifications may be obtained by contacting Travis Kiblinger at (304) 255-9335. For additional information contact Travis Kiblinger at (304) 255-9335.

**DRILLING SERVICES, PASSIVE GAS VENTS, RALEIGH COUNTY SOLID WASTE AUTHORITY**

Bids will be accepted until 1:30 PM on 12/17/2018 to provide drilling services for the installation of passive gas vents within previously deposited municipal solid waste at the Raleigh County Solid Waste Authority's sanitary landfill in Beckley West Virginia. Consisting of approximately 135 feet of drilling, 36" diameter hole. The installation of the gravel and piping for the vents will be performed by RCSWA personnel. Bids should be submitted to 200 Fernandez Drive, Beckley, West Virginia 25801. Plans and specifications may be obtained by contacting Travis Kiblinger at (304) 255-9335. For additional information contact Travis Kiblinger at (304) 255-9335.

**MATERIALS: ASPHALT, DELIVERY, LAYDOWN, BY VENDOR, VARIOUS LOCATIONS (DOT1900000021)**

Bids will be accepted until 2:30 PM on 12/19/2018 for asphalt –materials, delivery and laydown by the vendor to various locations, West Virginia Division of Highways. Bids should be submitted to Finance & Administration, Division of Highways, Building 5, RM A-220, 2019 Washington Street, Charleston, West Virginia 25302. Plans and specifications may be obtained electronically at [www.wvOasis.gov](http://www.wvOasis.gov), solicitation number: DOT1900000021. For additional information contact Dusty J. Smith at (304) 558-9398 or email [dusty.j.smith@wv.gov](mailto:dusty.j.smith@wv.gov).

**MATERIALS: CULVERT PIPE LINERS/INLET BELLS, VARIOUS LOCATIONS, WVDOH (DOT1900000054)**

Bids will be accepted until 1:30 PM on 12/20/2018 to establish an open-end contract to furnish culvert pipe liners and culvert inlet bells for use on maintenance and repair projects throughout the state of West Virginia for delivery to any WVDOH storage site and/or project site. Bids

should be submitted to Department of Administration, Purchasing Division, 2019 Washington Street East, Charleston, West Virginia 25305. Plans and specifications may be obtained electronically at [www.wvOasis.gov](http://www.wvOasis.gov), solicitation number: DOT1900000054. For additional information contact Crystal Rink at (304) 558-2402 or email [crystal.g.rink@wv.gov](mailto:crystal.g.rink@wv.gov).

**MATERIALS: HDPE PIPING, RALEIGH COUNTY SOLID WASTE AUTHORITY**

Bids will be accepted until 1:30 PM on 12/17/2018 for purchase of new HDPE piping, HDPE fittings and schedule 80 PVC plastic pipe and fittings for the Raleigh County Solid Waste Authority. Bids should be submitted to 200 Fernandez Drive, Beckley, West Virginia 25801. Plans and specifications may be obtained by contacting Travis Kiblinger at (304) 255-9335. For additional information contact Travis Kiblinger at (304) 255-9335.

**MATERIALS: LEACHATE PUMPS, METHANE GAS WELLS INSTALLATION, RALEIGH COUNTY SOLID WASTE AUTHORITY**

Bids will be accepted until 1:30 PM on 12/17/2018 for purchase of approximately 4 new - 4" leachate pumps, for installation in the methane gas wells for the Raleigh County Solid Waste Authority. Bids should be submitted to 200 Fernandez Drive, Beckley, West Virginia 25801. Plans and specifications may be obtained by contacting Travis Kiblinger at (304) 255-9335. For additional information contact Travis Kiblinger at (304) 255-9335.

**EQUIPMENT: HEAVY DUTY STREET SWEEPER, WEST VIRGINIA PARKWAYS AUTHORITY, CHARLESTON**

Bids will be accepted until 2:00 PM on 12/18/2018 for the purchase and delivery of a diesel-powered heavy-duty street sweeper by the West Virginia Parkways Authority, 3310 Piedmont Road, Charleston, West Virginia 25306. Bids should be submitted to West Virginia Parkways Authority, Administration Building, 3310 Piedmont Road, Charleston, West Virginia 25306 or P.O. Box 1469, Charleston, West Virginia 25325. Plans and specifications may be obtained electronically at [www.wvturnpike.com](http://www.wvturnpike.com). For additional information contact Margaret Vickers, Director of Purchasing at (304) 926-1900.
