CAWV CHALLENGED TO WORK FOR A BETTER WEST VIRGINIA AT ANNUAL MEETING

“There is no better way to stimulate West Virginia’s economy than to invest in infrastructure. It is fundamental for the future of West Virginia.” This is according to Commerce Secretary H. Wood (Woody) Thrasher, who was the keynote speaker at this year’s CAWV Annual Meeting, held July 13-16 at The Greenbrier. Over 350 members and guests attended this year’s meeting. Thrasher, who was appointed commerce secretary by Governor Jim Justice, told members at the General Business Session the governor’s $2.8 billion highway program will create jobs and provide a good stimulus but West Virginia will need to diversify its economy in order to be successful going forward. He talked about recent investments in the state that he hopes his department will capitalize upon to create additional development.

“Proctor and Gamble will probably invest over $1 billion in its facility in Martinsburg and the just announced Roxel facility in Ranson will have a $1.3 billion economic impact,” the secretary stated. “The West Virginia Development Office was instrumental in getting Roxel because we invested in infrastructure to develop the site.” This included $6.5 million to the city of Ranson to extend their sewer lines, a $1.2 million water line extension and a $2.2 loan to the company for construction. “All of this creates work for contractors,” said the former head of Thrasher Engineering. “The water and sewer line extensions will open up additional sites for development,” he said.

The new secretary did not sugarcoat West Virginia’s economic woes. He showed a video which detailed the state’s recent ranking by CNBC as the number one worst state for business in the nation. He also noted West Virginia’s declining population and lack of infrastructure in many parts of the state. “When I started working for Horner Brothers Engineers I drove 58,000 miles a year to every public service district and municipality to try to get work. Thirty-four years later, I can count on one hand the number of communities that have improved. Highway construction will help a lot but that alone will not diversify the economy. We have learned from other states how they have become successful in reinventing themselves. West Virginia must do the same.”

Secretary Thrasher just returned from a trade trip to Japan and met with a number of automotive leaders. “Parkersburg has a vibrant automotive industry with companies employing thousands of West Virginia. Many, including Hino Motors, are expanding their operations,” he said. He also detailed other parts of the state that are seeing investment. These include the aerospace industry in the Clarksburg area, and the Marcellus gas activity in the Northern Panhandle. “Marcellus gas development will provide one of the greatest opportunities in our life time,” he predicted. “We are working on a three-state initiative with Ohio and Pennsylvania to develop value-added products, whether it be cracker plants, a gas storage hub or pipelines. We believe there is enough capacity in this area for five cracker plants, which would be a game changer for West Virginia.”

The secretary said the governor’s legislative proposals included $105 million for his Save Our State (SOS) plan that would have been spent on economic development and site development projects, including water and sewer, roads and other infrastructure. The governor reduced his
request to $35 million a year for three years. In the final budget, legislators did not include any SOS funding. “I love West Virginia but we have to change the way we do things,” Thrasher opined. “We are better than this. We have to aggressively work to improve our state and I challenge all CAWV members to help me do this. I know I’m surrounded by friends in this room. My father taught me early in my career that contractors are self-made people who are risk takers. I have the greatest respect for contractors because you know how to build. CAWV members epitomize what we need in West Virginia; risk takers who will move West Virginia forward and get us out of our current morass. I look forward to working with each of you for the betterment of West Virginia.”

New State Highway Engineer Aaron Gillispie, P.E., was the guest speaker at the Highway Division meeting. He spoke on the $2.8 billion highway funding program proposed by Governor Justice and approved in the special session of the West Virginia Legislature. (See this week’s Heavy/Highway Bulletin for complete details).

Over 350 members, guests and children attended this year’s meeting, which began with a reception at the Golf Club on Thursday. The CAWV Board of Directors met on Friday and discussed a number of industry issues. Golf, trap and fishing tournaments were held on Saturday and many members took advantage of The Greenbrier’s activities. The Highway/Heavy, Utilities and Building Divisions all met to discuss industry issues and elect chairs for the coming year. (See individual bulletins for details.)

Outgoing CAWV President C.R. Neighborgall, president of The Neighborgall Construction Company, thanked members for their hard work throughout the year. “It’s amazing what a difference a year makes,” President Neighborgall said in his remarks at the President’s Banquet. “We have seen key partnerships with state agencies challenged to the point it stifled our ability to present our views and advice on issues affecting the construction industry,” he noted. “I am pleased to report that our partnerships with state contracting agencies have not only been reconstituted, they have become stronger than before.” The Huntington building contractor also noted that last year was an election year and the CAWV was going into a legislative session with no assurances that the CAWV’s efforts to secure funding for West Virginia would be any more productive than the four previous years.

“Today, under Governor Jim Justice’s vision for the future of West Virginia, West Virginia is looking at a $2.8 billion highway construction and maintenance program,” said President Neighborgall. “You, the members of the Contractors Association of West Virginia, are to be congratulated because this would not be a reality without your efforts. You supported West Virginians for Better Transportation, you supported HUB/PAC to elect legislators who would give CAWV a fair hearing on our issues, and you contacted your legislators to get them to support roads and jobs by voting for this record-setting highway bill.” The president had all members give themselves a round of applause for their success. “It’s been a true privilege to serve as president of this organization.”

CAWV’s 2017-2018 President Scott Pierson, president of Pipe Plus, Inc., thanked the outgoing president and praised him for this service to the association. “I must tell you, C.R. has a tremendous work ethic and a patience level that made him an excellent leader of this organization,” the new president stated. “The issues he had to address this year, and the manner in which he dealt with them, I must tell you he is the real deal. C.R. did a great job and he will make my job easier because of his efforts. “

The Nitro contractor said there were a number of CAWV members that he respected that got him involved in the CAWV, such as Ken Dunn, Ron Whitney, David Taylor, Jim Williams, Ed
Gauch and Vernon Withrow. “I know many young people here tonight don’t know these names, but they are icons of the construction industry and dear friends of mine,” he said. “One of my aspirations is to do a job that will make them proud. They were all great members of this association.” He also thanked his wife, Sharon, and his partner in Pipe Plus from 1988 to just recently, Wayne Kee. “I convinced Wayne that Pipe Plus could be a player in the utility construction industry. He, too, is an icon in the utility construction industry.”

The new president is a Milton, WV native who attended Glenville State on academic and athletic scholarships. He served in the U.S. Army and was named “Outstanding Soldier in the Southern European Taskforce” in 1975. He worked for CA WV member utilities construction companies before starting Pipe Plus in 1986. His son, Scott, serves as company vice president. An avid golfer and race car driver who operates the Ona Speedway racetrack in Ona, President Pierson is a registered pilot who flies his own twin-engine plane. He served on the board of the West Virginia Utility Contractors Association. Scott and his wife, Sharon, have been married 43 years.

A full recap of the 2017 CAWV Annual Meeting will be in the July/August issue of West Virginia Construction News.

SCOTT PIERSON ELECTED PRESIDENT AT CAWV ANNUAL MEETING

Scott Pierson, president of Pipe Plus, Nitro, was elected president of the Contractors Association of West Virginia at the association’s Annual Meeting held July 13-16 at The Greenbrier. He replaces C.R. Neighborgall IV, president, The Neighborgall Construction Company, Huntington, who will serve on the Board of Directors as immediate past president.

Serving with President Pierson as officers of the CAWV for the coming year are:

- Roger Thomas, area manager, Kelly Paving, Inc., Williamstown, senior vice president;
- Doug Meeks, president, Brewer and Company of West Virginia, Inc., Charleston, vice president;
- Michael Gianni, president, The James White Construction Company, Weirton, treasurer; and
- Nathaniel Orders, president, Orders Construction Company, St. Albans, Secretary.

Jamie Ridgeway, vice president of operations, March-Westin Company, Inc., Morgantown; John P. Boyle II, Instant Growth Hydro Seeding, LLC; and Tim Spradling, president, Benchmark Construction Company, Inc., Hurricane, were elected directors to serve on the Board.

In addition, CAWV has elected chairs of the four occupational divisions.

- Building Division Chairman: James W. Dailey III, vice president, W. Harley Miller Contractors, Inc., Martinsburg;
- Highway/Heavy Division Chairman: Matt Farley, vice president, Vecellio & Grogan, Inc., Beckley;
- Utilities Division Chairman: Mark Urso, president, Bear Contracting, LLC, Bridgeport;
- Associate Division Chairman: Kent Harwell, president, FastSigns, South Charleston, and
- Associate Division Vice Chair: Lisa Teel, Director of Marketing, BrickStreet, Charleston.
THANK YOU TO CAWV ANNUAL MEETING SPONSORS

The CAWV would like to thank all our sponsors for their support in making this year’s CAWV Annual Meeting at The Greenbrier a huge success. Our 2017 Annual Meeting Sponsors include:

PAT MCDONALD PROMOTED TO ASSISTANT EXECUTIVE DIRECTOR

Pat McDonald has been promoted to CAWV Assistant Executive Director. The announcement was made at the CAWV Annual Meeting at The Greenbrier. McDonald has served as CAWV’s Director of Member Services since July 2009. He has directed the association’s membership, training, safety and other membership benefits programs. The Charleston native has also overseen the CAWV’s affinity partnership plans with BrickStreet, FedEx, Enterprise, Verizon, among others, that provide thousands of dollars in yearly savings to all CAWV members. “Pat has been a tremendous asset to the CAWV and the construction industry,” said CAWV Executive Director Mike Clowser. “He will continue to serve the members in this new capacity as well. We appreciate Pat’s service to the CAWV membership.”

SERVICES SET FOR JOHN ZIMNOX

Memorial services for John Zimnox, Dyno Nobel who passed away last year, have been set. A general mass at Saint Agnes Catholic Church, 4807 Staunton Ave., S.E., Charleston, will be held Sunday, July 30, at 10:30 a.m. followed by graveside service at Spring Hill Cemetery. The CAWV extends its sympathies to the entire Zimnox family.

WE ARE PLEASED TO WELCOME NEW MEMBERS

The following firms have been accepted into membership by the Board of Directors. Please welcome them to the CAWV, and call on them for products and services. Please cut and paste the new members into your directory.

INDUSTRY ISSUES DISCUSSED IN BUILDING DIVISION AT ANNUAL MEETING

The CAWV Building Division met at the CAWV Annual Meeting that was held July 13 – 16 at The Greenbrier. Building Division Chairman Tripp Dailey, W. Harley Miller Contractors, Inc., reported that CAWV Task Forces have been working on industry issues as they arise. CAWV / School Building Authority of West Virginia (SBA) Task Force Chairman Jamie Ridgeway, March-Westin, Inc., reported that the SBA’s new Executive Director, Frank Blackwell, has met with members of the task force and expressed his desire to be a partner with the industry. He noted that he is willing to look at any policies the SBA has enacted that have shown not to be beneficial for school construction projects in West Virginia. The committee will meet in a few weeks and will receive notice of the meeting date.

Attendees also discussed new West Virginia State Purchasing Division language that will be included in future documents as well as H.B. 2897 that was introduced to help public service districts perform work on an emergency basis and increase from $10,000 to $50,000 before competitive bids are required. The bill is in response to the damage caused to public water and sewer facilities during the June 2016 floods. The bill ended up being the vehicle to address other construction requirements administered through the WV Purchasing Division. H.B. 2897, in its final form, increases the bidding requirement to $25,000 and allows for emergency projects. In addition the bill: 1/ Limits alternates on public bids to seven and requires alternates to be selected in their order. If alternates are taken out of order, the selection cannot change the determination of the lowest qualified responsible bidder; 2/ The low bidder has one business day to submit his subcontractor list; 3/ Contractors can submit their affidavit stating they have a drug-free workplace policy within one business day of the bid opening instead of having it included in the bid documents; and 4/ The low bidder can submit his West Virginia contractors’ license number within one day of the bid opening instead of having it included in the bid document. The legislation does leave some question as to how the base bid is effected by the alternates chosen and the CAWV Bid Procedures Task Force will meet with State Purchasing to get clarification on the new rules. Look for future updates in the Building Bulletin.

Building Division members discussed several other industry issues that will be placed on the agenda of the next CAWV Joint Architects Committee Meeting. For additional information, contact Pat McDonald at (304) 342-1166 or pmcdonald@cawv.org. Tripp Dailey was reelected chairman of the Building Division at the meeting.

CAPITOL DOME IN NEED OF REPAIRS; STATE TO SEEK BIDS SOON

The Capitol Building Commission learned Wednesday that it is going to cost several millions of dollars to make repairs to the capitol dome. After hearing the information about a cabling and water problem, the commission gave the Department of Administration approval to take the project out for bid. Department of Administration Secretary John Myers said a cabling system that enables the outer dome to hold up the inner dome through tension has weakened over the years and needs replaced. The tensioning system was last replaced about 20 years ago, Myers said.
“We want to repair that tensioning system and put monitoring devices on it so that in the future when there are places where it gets slack on a certain cable or connection the General Services Division will be able to tighten it up,” Myers said. The water issue reared its head several months ago. Pipes designed to catch the water from the outer dome have deteriorated and caused damage to the interior rotunda. Some of the damage is visible and some is not. It’s a safety issue, Myers said. “We want to make sure that nobody walking through there has a big piece of plaster fall out and hits them in the head—that’s something that’s really a concern to us,” he said.

The project is expected to go out to bid next month. It will likely include an elaborate scaffolding system on the inside of the capitol along with some equipment placed on the outside of the dome, Myers said. The work could cost as much as $8 million. Myers said that his department would seek a supplemental appropriation. He said the work must be done. “Our citizens have an expectation that when they come here they want to be able to look at it (the dome) and for us it’s something that we can be proud of,” he said.

WV ECONOMIC DEVELOPMENT AUTHORITY ADVANCES CACAPON, TRAIL PROJECTS

Two projects for state tourist attractions made progress in the West Virginia Economic Development Authority’s monthly board of directors meeting Thursday. The board approved adjustments to its issuance of excess lottery revenue bonds for Cacapon Resort State Park improvements. The bonds are worth up to $25 million for the park in Berkeley Springs. The board approved a reimbursement resolution for the park, which would allow the state Division of Natural Resources to be reimbursed for work done prior to the implementation of the bond. It also approved a supplemental resolution that would allow the bonds to mature for up to 30 years instead of 20 years, along with adjustments to comply with IRS code and regulations.

The board also gave preliminary approval of a $1.15 million loan to B&O Development on a 15-year term. The Princeton-based company will use the loan to finance the development of lodging facilities for ATV riders using the Hatfield-McCoy trail, Warner said. The facilities will be located in Coal City in Mercer County. At the meeting, the board gave final approval for a $1.3 million loan on a 20-year term to the Upshur County Development Authority. The loan will go toward the development of the Upshur County Innovation and Knowledge Business Center, in Buckhannon.

NEW RAVENSWOOD MIDDLE SCHOOL, JACKSON COUNTY

Bids will be accepted until 1:30 PM on 8/10/2017 for construction of the new Ravenswood Middle School, Jackson County, West Virginia. A mandatory pre-bid conference will be held at 10:00 AM on 8/01/2017, at the Ravenswood High School Auditorium, 100 Plaza Drive, Ravenswood, WV 26164. Bids should be submitted to Jackson County Board of Education, 1 School Street, Ripley, WV 25271. Documents may be obtained from the office of ZMM Architects and Engineers, Inc., at (304) 342-0159 and request information to access the firm’s online FTP site. Plans and specifications are available in the CAWV Physical Planroom in BIN 12.

NEW CONSTRUCTION, FIRE STATION NO. 3, OAKWOOD ROAD

Bids will be accepted until 1:30 PM on 8/18/2017 for construction of a new fire station at the Oakwood Road Station site, Charleston, Kanawha County, West Virginia. A mandatory pre-bid meeting will be held at 1:00 PM on 7/28/2017 at the City Hall, 501 Virginia Street East,
Charleston, WV 25301 in the A/V Room, Third Floor. Bids should be submitted to Shannon Milroy, Director of Purchasing, City of Charleston, 501 Virginia Street East, Room 101 Charleston, WV 25301. Plans and specifications are available at Charleston City Hall, 501 Virginia Street East, Room 101, Charleston, West Virginia 25301, (304) 348-8014. For additional information, contact Williamson Shriner Architects, 717 Bigley Avenue, Charleston, WV 25302, (304) 345-1060. Plans and specifications are expected in the CAWV Physical Planroom.

ROOF REPLACEMENT, EAST HARDY EARLY MIDDLE SCHOOL

Bids will be accepted until 1:00 PM on 8/3/2017 for roof replacement at East Hardy Early Middle School, Hardy County, West Virginia. A mandatory pre-bid meeting will be held 7/27/2017 at 10:00 AM at the East Hardy Early/Middle School, 238 Cougar Drive, Baker, West Virginia 26801. Bids should be submitted to Hardy County Board of Education, 510 Ashby Street, Moorefield, WV 26863. Plans and specifications are available at East Hardy Early/Middle School, 238 Cougar Drive, Baker, West Virginia 26801 or from the Hardy County Board of Education, 510 Ashby Street, Moorefield, WV 26863. For additional information, contact Hardy County Board of Education at (304) 530-2348.

HVAC REPLACEMENT, HEALTH DEPARTMENT, HAMPShIRE COUNTY

Bids will be accepted until 4:00 PM on 8/2/2017 for replacement of A/C and Heat Pump Systems at the Hampshire County Health Department, Augusta, WV. A mandatory pre-bid meeting will be held 7/28/2017 at 3:00 PM at the Health Department Building, 16189 Northwest Turnpike, Augusta, WV. Bids should be submitted to Hampshire County Commission, 19 East Main Street, Romney, WV 26757. For additional information, contact Hampshire County Commission at (304) 822-5112.

AMBULATORY CARE AND PHYSICAL SECURITY IMPROVEMENTS, CLARKsburg, (VA24517R0149)

Bids will be accepted until 3:00 PM on 8/15/2017 for demolition, site work, renovation and addition to a mixed-use development at Louis A. Johnson VAMC, 1 Med Center Drive, Clarksburg, West Virginia. Bids should be submitted to Veterans Affairs; Louis A Johnson, VAMC; Contracting Office (90C); 1 Med Center DR; Clarksburg WV 26301-4199. Plans and specifications are available at U.S. Department of Veterans Affairs-Louis A. Johnson VA Medical Center, http://www.fedbizopps.gov. For additional information, contact Alison Klein at (304) 623-3461 or email alison.klein@va.gov.

REPLACE BULBS / LIGHTING KITS FOR OUTSIDE LIGHTS, BOONE COUNTY, (DJS1800000007)

Bids will be accepted until 2:00 PM on 7/27/2017 to replace outside lighting at Donald R. Kuhn Juvenile Center, Boone County, West Virginia. Bids should be submitted to Procurement, Donald R. Kuhn Juvenile Center, One Lory Place, Julian, West Virginia 25529. Plans and specifications are available through www.wvOasis.gov using Solicitation Number DJS1800000007. For additional information contact Scott J. Pullen at (304) 369-2976 or email scott.j.pullen@wv.gov.
ROOF REPLACEMENT, NITRO FIRE DEPARTMENT

Bids will be accepted until 2:00 PM on 7/31/2017 for roof replacement on Nitro fire station, Kanawha County, West Virginia. Bids should be submitted to Recorder Rita Cox, P. O. Box 308, Nitro, West Virginia 25143 or delivered to Nitro City Hall, 20th Street and Second Avenue, Nitro, West Virginia 25143. Plans and specifications are available at Nitro City Hall, 20th Street and Second Avenue, Nitro, West Virginia 25143. Bids will be opened at the Nitro City Council Meeting on 8/1/2017 in Council Chambers at 7:00 PM. For additional information, contact Nitro Fire Chief Jeff Elkins at (304) 755-1431 or email nfdchief@cityofnitro.org.

ROOF REPAIR B307, WV AIR NATIONAL GUARD, BERKELEY COUNTY

Bids will be accepted until 9:00 AM on 8/23/2017 to seal approximately 250 LF of internal gutter on Building 307 roof with fluid-applied membrane solution, Berkeley County, West Virginia. A mandatory pre-bid meeting will be held at 9:00 AM on 8/02/2017 at West Virginia Air National Guard, 222 Sabre Jet Blvd., Martinsburg, WV 25405-7704. Bids should be submitted to West Virginia Air National Guard, 222 Sabre Jet Blvd., Martinsburg, WV 25405-7704. Plans and specifications are available for solicitation W912L8-17-R-0010 at https://www.fbo.gov. For additional information, contact Kris Dewa Rata at (304) 616-5412 or email kris.d.rata.mil@mail.mil.

CB COOLING OF ELECTRICAL ROOM / RETURN DUCT/FRON OFFICES, BERKELEY COUNTY, (DJS1800000001)

Bids will be accepted until 1:00 PM on 8/11/2017 for installation of supply duct line from existing duct in supply area to the electrical room and insure the proper working order of the system. This duct must be of sufficient size to be able to cool the room from the existing RTU. Install a return duct in the conference room, Director's office and Supervisor's office back to RTU #9 to remove excess moisture from these offices and insure the proper working order of the system. A non-mandatory pre-bid conference will be held at 1:00 PM on 7/21/2017, at the J. M. Chick Buckbee Juvenile Center, 1 Jerry Lane, Augusta, West Virginia 26704. Bids should be submitted to Department of Administration Purchasing Division, 2019 Washington Street, East, Charleston, WV 25305 through www.wvOasis.gov using Solicitation Number DJS1800000001. For additional information contact Deborah K. McDougle at (304) 496-1341 or email deborah.k.mcdougle@wv.gov.

NEW ELEVATOR ADDITION, POCA HIGH SCHOOL

Bids will be accepted until 1:00 PM on 8/09/2017 for a new elevator addition at Poca High School, Putnam County, West Virginia. A mandatory pre-bid meeting will be held at 1:00 PM on 7/26/2017 at Poca High School, One Dot Way, Poca, West Virginia. Bids should be submitted to the Putnam County Board of Education, 77 Courthouse Drive, Winfield, West Virginia 25213. Plans and specifications are available at Putnam County Board of Education, 77 Courthouse Drive, Winfield, West Virginia 25213, they also may be purchased at Charleston Blueprint, 1203 Virginia Street East, Charleston, West Virginia 25301, www.charlestonblueprint.com. For additional information, contact Williamson Shriver Architects, 717 Bigley Avenue, Charleston, WV 25302, (304) 345-1060. Plans and specifications are available in the CAWV Physical Planroom in BIN 9.
A/E, STF BUILDINGS CAMP DAWSON, KINGWOOD, (ADJ1800000001)

Expressions of Interests are being accepted until 1:30 PM on 8/15/2017 for professional firms to provide services for the design services to develop construction documents to provide for the construction of two new training buildings, designer will be developing two separate sets of construction bid documents, at Camp Dawson in Kingwood, West Virginia. Bids should be submitted to Department of Administration Purchasing Division, 2019 Washington Street, East, Charleston, WV 25305 through www.wvOasis.gov using Solicitation Number ADJ1800000001. For additional information contact Crystal Rink at (304) 558-2402 or email crystal.g.rink@wv.gov.

SUMMERTIME SAFETY WITH THE OSHA-NIOSH HEAT SAFETY APP

As part of our effort to keep you informed of new OSHA resources, we wanted to let you know about the release of the OSHA-NIOSH Heat Safety Tool. The new app, available for both Android and iPhone, is a collaborative effort between OSHA and NIOSH to update the OSHA Heat Safety Tool. Since its launch in 2011, more than 450,000 users have downloaded the OSHA Heat Safety Tool. With the release of the co-branded version, which provides a new and refreshed interface, both agencies expect to reach even more users. Anyone using the current version of the OSHA Heat Safety Tool is encouraged to download the new OSHA-NIOSH Heat Safety Tool. The OSHA Heat Safety Tool will no longer be available for download after September 30, 2017.

For more information, see the NIOSH Science Blog post: Heat Index: When humidity makes it feel hotter.

Contact the CAVW at 304-342-1166 for more help with your safety program.

The Associated General Contractors (AGC) of America is collaborating with ClickSafety, an OSHA-authorized provider, to deliver a wide range of construction related safety courses online for members at a 10% discount. To view the full course catalog, and for information on ordering, visit: www.cawv.org then click on the Safety link.

UTILITY DIVISION UPDATES PROVIDED AT ANNUAL MEETING

Mark Urso, president of Bear Contracting, Bridgeport, was reelected CAWV Utility Division Chairman at the Utility Division meeting during the CAWV Annual Meeting held July 13-16 at The Greenbrier. Division members were brought up-to-date on activities of the West Virginia Infrastructure and Jobs Development Council (IJDC) and the Water Development Authority (WDA) including the recent announcement that longtime WDA Executive Director, Chris Jarrett, will be retiring at the end of July. This will leave both the IJDC and the WDA without a current director. Division members also discussed a number of other issues, including pipe pricing and availability, and the complicated process for obtaining and permitting waste and material sites. Several other industry issues were discussed during the meeting and those issues will be
SAFE DRINKING WATER SRF BILL

In a victory for the clean water construction community, the Subcommittee on Environment of the House Energy and Commerce Committee last Friday marked up an unnumbered discussion draft bill entitled “the Drinking Water System Improvement Act,” which gives a much needed budget boost to our beleaguered SRFs. The bill would reauthorize $8 billion in Safe Drinking Water SRF capitalization grants for FY 2018 through FY 2022. Specifically, it proposes $1.2 billion in FY 2018, $1.4 billion in FY 2019, $1.6 billion in FY 2020, $1.8 billion in FY 2021, and $2 billion in FY 2022. The current Safe Drinking Water SRF program is funded at approximately $980 million. For additional information, click here.

RE-BID: DEERFIELD PUMP STATION REPLACEMENT, BLUEFIELD SANITARY BOARD

Bids will be accepted until 10:00 AM on 8/23/2017 for pump station replacement, Mercer County, West Virginia/Tazewell County, Virginia. Bids should be submitted to the Sanitary Board of Bluefield, Council Chambers of City Hall, 100 Rogers Street, Bluefield, WV 24701. Plans and specifications can be obtained from Chapman Technical Group, 200 Sixth Avenue, St. Albans, WV 25177, (304) 727-5501 ext. 123. For additional information contact Mike Johnson, PE of Chapman Technical Group at mjohnson@chaptech.com. Plans and specifications are available in the CAWV Physical Planroom in BIN 13.

WATER TREATMENT PROGRAM, MARSHALL UNIVERSITY, HUNTINGTON

Proposals will be accepted until 3:00 PM on 8/10/2017 for a water treatment program, Marshall University, Huntington. A mandatory pre-bid conference will be held 8/01/17 at 10:30 AM at Marshall University Sorrell Maintenance Building, 2nd Floor Conference Room – Marshall University. Bids should be submitted to Office of Purchasing, Old Main, Marshall University, One John Marshall Drive, Huntington, WV 25755-4100. Documents and specifications may be obtained from http://www.marshall.edu/purchasing. For additional information contact Jill Burcham at (304) 696-2823 or email burcham@marshall.edu.

A/E, WATER SYSTEM IMPROVEMENTS PROJECTS, GREENBRIER COUNTY

Expressions of Interests are being accepted until 4:00 PM on 8/15/2017 for professional services to provide design and construction for the water system improvements project consisting of preparation of a preliminary engineer report, preparation of specifications and design for the proposed water system improvements, preparation of bidding and contract documents, participation in the evaluation of bids received and monitor and inspect construction activities to ensure compliance with plans and specifications for the City of Ronceverte, Greenbrier County. Proposals should be submitted to the City of Ronceverte, P. O. Box 417, 200 West Main Street, Ronceverte, West Virginia 24970. For additional information contact Reba Mohler at (304) 647-5455.
A/E, BLOOMINGTON WATER TREATMENT PLANT REPLACEMENT, RFP #17-0815B, GARRETT COUNTY, MARYLAND

Expressions of Interests are being accepted until 3:00 PM on 8/15/2017 for professional firms for engineering services to design, prepare contract plans and specifications, and obtain the required permits and approvals for the construction of the Bloomington Water Treatment Plant Replacement, 1227 Bloomington Hill Road, Bloomington, Maryland. A pre-proposal conference will be held 7/27/2017 at 10:00 AM in the Commissioners Public Meeting Room located at 203 South Fourth Street, Room 209 in Oakland, Maryland. Proposals should be submitted to the Board of County Commissioners of Garrett County, Maryland, 313 East Alder Street, Room 104, Oakland, Maryland 21550. For additional information go to www.garrettcounty.org/purchasing/current-bids.

A/E, FRIENDSVILLE WATERWATER TREATMENT PLANT EQUALIZATION TANK REPLACEMENT, RFP #17-0815F, GARRETT COUNTY, MARYLAND

Expressions of Interests are being accepted until 2:00 PM on 8/15/2017 for proposals from qualified firms for engineering services to design, prepare contract plans and specifications, and obtain the required permits and approvals for the construction of the Friendsville Wastewater Treatment Plant Equalization Tank Replacement Project in Friendsville, Maryland. A pre-proposal conference will be held 7/27/2017 at 10:00 AM in the Commissioners Public Meeting Room, 203 South Fourth Street, Room 209, Oakland, Maryland. Proposals should be submitted to the Board of County Commissioners of Garrett County, Maryland, 313 East Alder Street, Room 104, Oakland, Maryland 21550. For additional information go to www.garrettcounty.org/purchasing/current-bids.

STATE HIGHWAY ENGINEER GILLISPIE OUTLINES WAVES OF CONSTRUCTION

CAWV Highway Division Chairman John Boyle had a crowd anxious to learn more about the future of the highway program in attendance at the July 15 division meeting held in conjunction with the CAWV Annual Meeting at The Greenbrier. Bob Orders, a board member of The Road Information Program (TRIP) and Vice President of West Virginians for Better Transportation (WVBT), discussed each organization’s role in the successful passage of the $2.8 billion highway funding legislation. A TRIP report released February 16 was utilized extensively by Transportation Secretary Tom Smith, Mr. Orders told the group, adding that Secretary Smith referred to the TRIP findings as “alarming.” He said a second TRIP report released in May discussed the condition of rural roads and bridges in West Virginia.

WVBT helped support the Governors’ highway initiatives by holding Transportation Day at the Capitol on February 17, and Mr. Orders thanked the membership for their support of the event. He also discussed the many avenues utilized by WVBT to educate and promote the need for highway funding including numerous radio, TV and newspaper ads, as well as, “Street View” flyers sent directly to legislators at their homes. Mr. Orders thanked members for support of WVBT and their active participation in the legislative process.

New Chief State Highway Engineer Aaron Gillispie addressed the Highway Division and praised Governor Justice for his vision and highways initiatives. He also said that the department, under the leadership of Transportation Secretary Smith, view industry as partners and good communication as critical to successful delivery of the program.

Mr. Gillispie detailed the Governor’s successful legislative agenda. Highlighting the legislative agenda were passage of bills relating to Public Private Partnerships, Design Build, Garvee expansion, Parkways tolls and bonding, Fees (DMV, gas tax and vehicle sales tax) and bonding. The DOH official noted the importance of supporting the October 7 ballot initiative authorizing the sale of $1.6 billion in highway bonds.

There will be a broad spectrum of projects according to Mr. Gillispie, ranging from secondary roads to expressways including pavements, small and large bridges, slides, safety, drainage, ADA and more. Projects will be delivered in waves, he said, meaning different types of projects from various funding sources. Waves to watch for include lettings for the regular 2017 program, Part A Surge (2018 and 2019 projects let in 2017) $30 million, Garvee 1 $230 million, Secondary SLS Projects $100 million, Turnpike Toll Projects $125 million and GO bonds $600 million. These projects, he said, will be delivered by Design Bid Build, DB, purchase orders and P3, depending on time and manpower constraints and legislative limitations. Contractors will be able to find more information on these Waves and projects on the DOH website and BidX.

Mr. Gillispie said that staffing challenges will be addressed thru internal hiring and use of consultants. He said that DOH management is seeking to restore industry interaction and communication to a more effective level and will include joint committee meetings. He said that reaching maximum efficiency and effectiveness will require partnerships, teamwork and communication to deliver a program that could range from $2.6 to $2.8 billion.
The new State Engineer responded to many questions regarding program balance, size of projects, letting schedules, completion dates, DBE goals and other issues related to delivering an annual program that may be seven times the normal program.

Division members conclude their meeting by electing Matt Farley of Vecellio and Grogan, Inc., Beckley, as their new Division Chairman.

A copy of Aaron Gillispie’s PowerPoint presentation is attached to this Newsletter.

**CAVW HOLDS FORUM ON UPCOMING HIGHWAY PROGRAM**

The CAVW, along with the WVDOH and Federal Highway Administration, met Tuesday in Charleston to discuss the roll-out of millions of dollars in road and bridge construction projects. “We’re ready to go to work today. We’re ready to put people to work today,” CAVV Executive Director Mike Clowser told almost 250 CAVV members and WVDOH and FHWA officials in attendance at forum held at the Embassy Suites in Charleston. The purpose of Tuesday’s meeting is to determine how to get the projects designed, advertised, awarded and built. Industry got to hear DOH’s plans for designing and advertising projects. Highway officials got to listen to contractors and engineers on how to maximize the number of West Virginia contractors who can bid and perform the work and how they schedule it to get workers back to work quickly.

Transportation Secretary Tom Smith told contractors and engineers the recently passed $2.8 highway funding bills will be looked back on in 20 years as a game changer for West Virginia. “I will look at my “Road Equal Jobs” pin and realize what a tremendous job we all did in getting these bills passed by the West Virginia Legislature,” he said. “We can all be proud of this accomplishment.” The secretary said he is looking forward to reestablishing the partnerships between the CAVW and WVDOH that have been on hold for the past year. He noted much more can be accomplished working together than separately. Following the secretary’s presentation, State Highway Engineer Aaron Gillispie detailed how the WVDOH plans to get projects designed and on the street for bid (Click on [MetroNews](http://metronews.com) and [Charleston Gazette-Mail](http://charleston Gazette-Mail.com) to read articles.)

CAVW members will receive more information on project scheduling in the weeks to come.

**NITRO CITY PARK STREAM BANK STABILIZATION PROJECT**

Bids will be accepted until 2:00 PM on 8/17/2017 for construction of nearly 700 lineal feet of riprap stabilization dike along the Kanawha River, and other site stabilization measures and the construction of additional trails, steps, walkways, park benches, picnic shelters and plaza for park users. Kanawha County, West Virginia. A mandatory pre-bid will be held 8/1/2017 at 2:00 PM at Nitro Public Library, 1700 Park Avenue, Nitro, West Virginia 25143. Plans and specifications can be obtained from GAI Consultants, Inc., 300 Summers Street, Suite 1100, Charleston, West Virginia 25301-1631, (304) 926-8100. For additional information contact Todd Schoolcraft at (304) 561-8317. Plans and specifications are available in the CAVV Physical Planroom in BIN 10.

**PARKING LOT PAVING, FAYETTEVILLE POLICE DEPARTMENT**

Bids will be accepted until 2:00 PM on 7/28/2017 for parking lot paving, Fayette County, West Virginia. Bids will be received by the Town of Fayetteville Police Department, Parking Lot Paving Bid, 125 Court Street, Fayetteville, West Virginia 25840. The Bids will be considered at
the August 10, 2017 Town of Fayetteville Council meeting at 6:00 p.m. Plans and specifications can be obtained at the Fayetteville Town Hall, 125 Court Street, Fayetteville, West Virginia. For additional information contact Town of Fayetteville at (304) 574-0101.

**STREET PAVING, TOWN OF FAYETTEVILLE**

Bids will be accepted until 2:00 PM on 7/28/2017 for street paving, Fayette County, West Virginia. Bids will be received by the Town of Fayetteville, Attention: Town Superintendent / Street Paving Bid, 125 Court Street, Fayetteville, West Virginia 25840. Bids will be considered at the August 10, 2017 Town of Fayetteville Council meeting at 6:00 p.m. Plans and specifications can be obtained at the Fayetteville Town Hall, 125 Court Street Fayetteville, West Virginia. For additional information contact Town of Fayetteville at (304) 574-0101.

**BLACKTOP PARKING LOT, SAINT MARYS ELEMENTARY SCHOOL/ BELMONT ELEMENTARY SCHOOL BASKETBALL COURT, PLEASANTS COUNTY**

Bids will be accepted until 10:00 AM on 7/26/2017 for site work and paving for a mixed-use development in Saint Marys, West Virginia. Completed plans call for site work for an educational facility; for paving for an educational facility; playground / park / athletic field; playground / park / athletic field; sidewalk / parking lot; and sidewalk / parking lot. The Pleasants County Board of Education will base the purchasing decision on equipment features, availability, and conformity to the specifications as well as bid price and budgetary considerations. Bids will be received by the Pleasants County Board of Education, 202 Fairview Drive, St. Marys, West Virginia 26170. Plans and specifications are available from Pleasants County Board of Education, Administrative Offices, 202 Fairview Drive, St. Marys, West Virginia 26170 and Pleasants County Board of Education, Maintenance Department, 1009 Maple Street, St. Marys, West Virginia 26170. For additional information contact Thomas Long at (304) 684-2215.

**BRIDGE DECK REPLACEMENT, RALEIGH COUNTY, BDR-1-17, BDR-2-17**

Bids will be accepted until 3:00 PM on 8/24/2017 for fully replacement of the northbound bridge decks over Oak Creek Road and Old Cline Road with precast deck panels and parapets utilizing accelerated bridge construction. A mandatory pre-bid meeting will be held at 1:30 PM on 8/3/2017 at the West Virginia Parkways Authority, Administration Building, 3310 Piedmont Road, Charleston, WV 25306. Bids should be submitted to West Virginia Parkways Authority, Administration Building, 3310 Piedmont Road, Charleston, WV 25306 or P. O. Box 1469, Charleston, WV 25325. Contract documents are available from HNTB Corporation, 41 Mission Way, Scott Depot, WV 25560, (304) 760-1825 or email bbosley@HNTB.com. Plans and specifications are expected in the CAWV Physical Planroom.

**CONSULTING SERVICES, I-70 MINING PROJECT, OHIO COUNTY**

Proposals are being accepted until 4:00 PM on 8/07/2017 for engineering consulting services for the preparation of preliminary inspection and documentation, stand by callout services (2” HMA, MOT, etc.), structure preparations, post subsidence inspections, emergency services, adjustment of guardrail and signs, I-70 Mining Project, located on I-70 in Ohio County, West Virginia. Firms interested in being considered for either of these projects must submit a “Letter of Qualification” for each project and one unpriced prospectus to Mr. Michael D. Lilly, P. E., Section Head, Technical Section, Engineering Division, Division of Highways, 1334 Smith Street, Charleston, West Virginia 25301 or preferably by email to DOH.consultantservices@wv.gov.
STEEL PILING, (DOT1800000004)

Bids will be accepted until 1:30 PM on 8/03/2017 for a one-time purchase of HP 12X53 steel piling for WVDOH. Bids should be submitted to Bid Clerk Department of Administration, Purchasing Division, 2019 Washington Street E., Charleston, West Virginia 25305 or electronically to www.wvOasis.gov - solicitation number DOT1800000004. Plans and specifications are available online at www.wvOasis.gov. For additional information contact Mark A. Adkins at (304) 558-2307 or email mark.a.adkins@wv.gov.

CONCRETE BLOCKS, (DOT1800000005)

Bids will be accepted until 1:30 PM on 8/03/2017 for purchase and delivery of 2’ x 2’ x 6’ concrete blocks for WVDOH Route 35 Headquarters, Scott Depot. Bids should be submitted to Bid Clerk Department of Administration, Purchasing Division, 2019 Washington Street E., Charleston, West Virginia 25305 or electronically to www.wvOasis.gov - solicitation number DOT1800000005. Plans and specifications are available online at www.wvOasis.gov. For additional information contact Mark A. Adkins at (304) 558-2307 or email mark.a.adkins@wv.gov.
