BLUE RIBBON COMMISSION REPORT ON INTERIM MEETING AGENDA

Members of the Joint Standing Committee on Finance will meet Monday, September 14, during the September legislative interim meetings. Highways and funding options will be a major topic on the agenda. “West Virginia Blue Ribbon Commission on Highways Final Report and Perspectives on State Road Fund Budget and Revenue” will be presented by Jason Pizatella, Governor’s Designee and Chairman of the Commission, and Jan Vineyard, a member of the Blue Ribbon Commission and Treasurer of West Virginians for Better Transportation. They will present to legislators the commission’s findings and the recommendations made for increased funding for the West Virginia Division of Highways. CAWV Executive Director Mike Clowser will be presenting the construction industry’s perspective and to talk about the jobs study showing that nearly 10,000 jobs would be supported or created with increased funding for highways. CAWV members are welcome to attend the Finance Committee meeting. It will be held from 3:00 p.m. to 5:00 p.m. in the House Chamber. Following the BRC presentation, Aaron Allred, Legislative Auditor, will provide legislators with an update of the audit that is currently underway by Deloitte of WVDOH operations. The legislature passed a bill this session seeking an audit to see what efficiencies may be available within the division. The audit must be completed by December 31 so the report, and its recommendations, can be presented during the 2016 legislative session.

The Select Committee on Infrastructure is meeting September 14 at 1:00 p.m. On its agenda is a presentation on how counties and local government can participate in local transportation projects. A bill was introduced this past session to give county commissions the authority to impose local fees to fund transportation projects without having to require a vote of the people. Supporters of the bill believe local communities and counties could use this as a tool to provide much need transportation projects within their localities. The bill did not receive much consideration by lawmakers but supporters plan to reintroduce the legislation next session.

YCF TO HOST TOYS FOR TOTS GOLF SCRAMBLE - OCTOBER 30

The CAWV Young Contractors Forum will host the third annual Toys For Tots fall golf scramble on Friday, October 30, at 10:00 a.m. at Little Creek Country Club, South Charleston. YCF Chairman Josh Booth would like to invite all members to participate regardless of age. In addition to the registration fee of $50, a box lunch and beverages are included. Members are asked to bring an unwrapped toy to benefit Toys For Tots. A registration form is attached to this week’s Newsletter. Sponsors are also needed for the event and a sponsorship form is also included in this week’s newsletter. For additional information, contact Pat McDonald at (304) 342-1166 or pmcdonald@cawv.org.

YCF AND THE WVDEP TO HOST SECOND COAL RIVER KAYAK TOUR

The West Virginia Department of Environmental Protection will lead a kayak tour of the Coal River to view the stream restoration projects, hosted by the CAWV Young Contractors Forum, on September 25. The Coal River Group has partnered with the WVDEP on the multi-million
The restoration project involves building instream structures in the river channel to redirect the river's flow and thereby flush excess sediment in an attempt to improve water quality and habitat for fish and insects. The cost of the approximately three hour trip is $50 and includes Kayaks, PPE and a boxed lunch. Although the trip is being hosted by the YCF, all CAWV members are invited and encouraged to attend. The group will meet at 10:00 a.m. at Coal River Kayaks located at 181 Pettigrew Lane, Tornado. Come join your fellow CAWV members and enjoy the river and fall foliage season of West Virginia! This is the perfect time of year to tour the Coal River since the water is still fairly warm and the days are a little cooler. A registration form is attached to this week’s Newsletter. For more information, contact Pat McDonald at pmcdonald@cawv.org or at (304) 342-1166.

DON'T MISS OUT ON CAWV COMMUNICATIONS

Some members have been having difficulty receiving CAWV communications. Since your Internet Service Provider probably uses a spam filter, we ask that you add Cassidy Webb cwebb@cawv.org and support@osimail4.us to your trusted list of senders, contacts or address book, also known as whitelisting. If you have not been receiving emails from Cassidy in your inbox, they may have mistakenly been sent to your spam folder. Please open your spam folder and mark emails from cwebb@cawv.org and support@osimail4.us as "not spam". If you need instructions for your provider, please click here.

CAWV CONFERENCE ROOM AVAILABLE TO MEMBERS – SCHEDULE TODAY

The CAWV conference room, located in the CAWV Headquarters in Charleston, is a great place for members to hold meetings, conferences and professional events. The association is happy to offer member firms the opportunity to use the conference room when available. The expanded facility accommodates 20 members around a conference table with seating for up to 20 more around the perimeter. Features include video capabilities, teleconferencing, wireless and hardline internet. Catering is available upon request. To schedule an executive team brainstorming session, board meeting, workshop or seminar, contact Wendy Long at (304) 342-1166 or long@cawv.org.
WHEN:
Friday, October 30, 2015
Shotgun start at 10:00 a.m.

WHERE:
Little Creek Country Club
99 Fairway Drive
South Charleston, WV

DETAILS:
Chairman Josh Booth and the Young Contractors Forum will host a fall golf scramble on Friday, October 30, for CAWV members of all ages. In addition to the registration fee, members are asked to bring a new, unwrapped toy to benefit Toys for Tots. A box lunch and beverages will be provided.

QUESTIONS:
For additional information, contact Pat McDonald at (304) 342-1166 or by email at pmcdonald@cawv.org.

REGISTRATION
$50 per player (includes box lunch)

CAWV Coal River Kayak Tour
HOSTED BY THE YOUNG CONTRACTORS COMMITTEE

WHEN:
Friday, September 25, 2015
at 10:00 a.m.

WHERE:
Coal River Group
181 Pettigrew Lane
Tornado, WV 25177

DETAILS:
Dennis Stottlemyer, WV DEP, will lead a kayak tour of the Coal River to view the stream restoration projects. This is the second trip hosted by the YCC and will feature a different section of the river. The Coal River Group has partnered with the WV DEP on the multi-million dollar project. The restoration project involves building instream structures in the river channel to redirect the river's flow and thereby flush excess sediment in an attempt to improve water quality and habitat for fish and insects. This is approximately a three hour trip. Come join your fellow CAWV members and enjoy the river and fall foliage season of West Virginia!

QUESTIONS:
For additional information, contact Pat McDonald at (304) 342-1166 or by email at pmcdonald@cahwv.org.

REGISTRATION
$50 per person - includes kayak rental, PPE and box lunch (Limited to 25 participants)

RE-BID: RENOVATIONS, PRESIDENT’S RESIDENCE, MARSHALL UNIVERSITY

(iSqFt Project ID# 2482819) Re-bids will be accepted until 3:00 PM on 9/25/2015 for removal and replacement of existing cabinetry, hardware, countertops, appliances, fixtures, tile, walls, doors and trim for kitchen and five bathrooms in the home of the Marshall University President and converting existing hobby room into a dressing room. A mandatory pre-bid meeting will be held on 9/18/2015 at 10:00 AM at 1040 Thirteenth Avenue, Huntington. Bids should be submitted to Marshall University, 102 Old Main Building, Room 125, Huntington, WV 25755 (304)696-2823. Plans and specifications are available from Edward Tucker Architects, 1401 Sixth Avenue, Huntington, WV 25701 (304)697-4990. Plans and specifications are available in the CAWV Physical Planroom and Internet Planroom at www.isqft.com.

FURNITURE / EQUIPMENT, CABELL COUNTY INCUBATOR SCHOOL

(iSqFt Project ID# 2483677) Proposals for the furniture and equipment packages include: Science casework, music furnishings, window blinds, and art casework for the new Cabell County Incubator School, Huntington will be accepted until 1:30 PM on 10/6/2015. Bids should be submitted to Cabell County Board of Education, 2850 Fifth Avenue, Huntington, WV 25701 (304)528-5069. Plans and specifications are available from ZMM Architects & Engineers, 222 Lee Street, West, Charleston, WV 25302 (304)342-0159. Plans and specifications are available in the CAWV Physical Planroom and Internet Planroom at www.isqft.com.

EMERGENCY GENERATORS, TOWN OF DAVIS

(iSqFt Project ID# 2481510) Bids will be accepted until 11:00 AM on 9/29/2015 for installation of four diesel driven emergency generators, transfer switches, and related items for the Community Center, Water Treatment Plant, Industrial Park Lift Station and Wastewater Treatment Plant for the Town of Davis. A pre-bid meeting will be held on 9/22/2015 at 10:00 AM at Town Hall, 505 William Avenue, Davis. Bids should be submitted to Town of Davis, 505 William Avenue, Davis, WV 26260. Plans and specifications are available from Chapman Technical Group, 200 Sixth Avenue, P. O. Box 1355, Saint Albans, WV 25177 (304)727-5501. Plans and specifications are expected in the CAWV Physical Planroom and Internet Planroom at www.isqft.com.

EMERGENCY GENERATORS/ ACCESSORIES, CITY OF BUCKHANNON

(iSqFt Project ID# 2480413) Bids will be accepted until 4:00 PM on 9/30/2015 for installation of emergency backup generators, an automatic transfer switch and a concrete base for the emergency backup generator for the City of Buckhannon's Tennerton Booster Station and installation of an electrical receptacle and plug connection at the City's raw water intake. Bids should be submitted to City of Buckhannon, 70 East Main Street, Buckhannon, WV 26201 (304)472-1651. Plans and specifications are available from City of Buckhannon, 70 East Main Street, Buckhannon, WV 26201 (304)472-1651. Plans and specifications are available in the CAWV Physical Planroom and Internet Planroom at www.isqft.com.
ROOF REPLACEMENT, PETERSBURG WILDLIFE RESOURCES
(IsqFt Project ID# 2481511) Bids will be accepted until 3:00 PM on 10/6/2015 for installation of a new metal roof for the approximate 1,650 SF Managers Residence and approximate 1,500 SF metal roof and gutters on the Truck Shed at the Trout Hatchery, Petersburg. A mandatory pre-bid meeting will be held on 9/22/2015 at 10:00 AM on site at Petersburg Trout Hatchery, Nine-Mile Run, Route 220, Johnson Road, Petersburg. Bids should be submitted to www.wvOasis.gov and solicitation number DNR1600000040. For additional information contact State of WV, Jessica Chambers at (304)558-3397. Plans and specifications are available from www.wvOasis.gov. Plans and specifications are expected in the CAWV Physical Planroom and Internet Planroom at www.isqft.com.

SAFETY-IN THE WORDS OF JIMMY FALLON

Jimmy Fallon, well known host of The Tonight Show, recently revealed why he has been wearing a sizable bandage and brace on his left hand during the show after coming back from a two week break this summer. "I can't tell you how excited I am to be back and seeing you guys here. What a crazy break we had, a two-week break. So basically what happened is I tripped and fell on a braided rug that my wife loved, and I can't wait to burn it to the ground. I tripped and fell and I caught my fall. So I'm getting up and my finger's sideways. So I go, 'Oh, my God! Did I just break my finger? This is the lamest thing in the whole world.' It completely looks fake, like in a cheap horror movie where you see a broken finger. It looks like that! That's what it looks like. So I wrap my hand in a towel and I get in a cab and go to the emergency room. I go, 'I broke my finger! I think I broke my finger!' And they go, 'Oh, you didn't break your finger.'"

I was something far worse as he explained. "It's a thing called ring avulsion. A-V-U-L-S-I-O-N. If you Google it, it's graphic images. Don't Google it. But ring avulsion, it's a real thing...My ring got caught on a countertop when I was going down and stuck there and pulled my finger out," he explained. "Trust me, I'm like, 'Wait, what?' I didn't even look at the thing. So I go, 'Can you fix it?' And they go, 'Oh, no. No. We've got to send you somewhere else.'"

"Really, this is like microsurgery. This is like a thing. I was at Beth Israel. I had to go over to Bellevue Hospital. This amazing doctor, Dr. David Chiu, comes in. He has a bowtie and cowboy boots. 'That's my doctor! That's my guy!' I knew it when he walked in. I go, 'That's the guy who's going to save my finger.'" Fallon explained that the "odds aren't great with these things...Usually they just cut your finger off. So, I was going to lose my finger. And I was like, 'Wow.' So this guy did surgery for like six hours—microsurgery—so it's like under a microscope. He had to take a vein out of my foot. It's a crazy story! I didn't know this was happening because I was knocked out at this point. So he took a vein out of my foot and put it in there. Veins only work one way...so you have to remember which way and reverse it, and if you're putting it together and you do one missed stitch or something like that, the vein closes up and it's useless. You screwed up and it's not going to happen. And he did it. He saved my finger."

Incidents like this can happen anywhere. The likelihood that you would trip and catch your ring on the countertop is rare. However wearing rings while working around moving equipment with your hands is another story. Each week incidents such as what happened to Fallon occur in workplaces around the world. Don't tempt fate...don't wear jewelry while working around moving equipment.

The Associated General Contractors (AGC) of America is collaborating with ClickSafety, an OSHA-authorized provider, to deliver a wide range of construction related safety courses online for members at a 10% discount. To view the full course catalog, and for information on ordering, visit: www.cawv.org then click on the Safety link.
GOVERNOR TOMBLIN ANNOUNCES RECOMMENDATIONS FOR APPALACHIAN REGIONAL COMMISSION GRANTS

Gov. Earl Ray Tomblin today announced 11 state recommendations for the Appalachian Regional Commission (ARC) Investment Program grants, totaling more than $4.7 million in grant funding. "From public water systems to education and workforce development, these projects will address many of our community development needs," Gov. Tomblin said. "I'm grateful for the continued support of the ARC and our local partners to help strengthen our economy, improve the quality of life for our residents, and ensure the Mountain State has a bright future now and for years to come." The West Virginia Development Office administers the state's ARC program, which is a partnership of federal, state and local participants providing financial and technical assistance for economic development and infrastructure projects. Water and wastewater projects recommended for ARC funding include:

**LOGAN COUNTY**

Logan County Public Service District $1,500,000

*Phase III-B1*

The project will provide public wastewater service to customers in the Lower Island Creek Road, Cherry Tree, Whites Addition, and Yuma Camp areas of Logan County. Currently customers rely upon private septic systems that are unreliable or discharge directly into nearby streams. The project will serve 131 new customers.

**MONROE COUNTY**

Town of Union $1,000,000

*UTC Water Project*

The project will extend public water service from the Town of Union to the UTC Aerospace Systems manufacturing plant two miles north of Union. Currently, UTC Aerospace Systems operates its plant with private wells that do not have enough capacity for the plant's manufacturing needs. The project will retain 369 existing jobs at the facility and allow for the creation of approximately 70 new jobs.

**CLAY COUNTY**

Clay County Commission $760,000

*(Distressed County)*

*Pack Fork and Independence Road Waterline Project*

The project will extend public water service to the Pack Fork and Independence Road areas of Clay County. Current customers rely upon private wells that are unreliable in quantity and poor in quality. The project will serve 136 new customers in an ARC-designated distressed county.

**McDOWELL COUNTY**

City of Gary $386,400

*(Distressed County)*

*Wastewater System Assessment and Improvement Plan*

The project will conduct an evaluation of the City of Gary wastewater system and treatment plant to assess the extent and location of sources of significant leakage and disrepair. The
assessment will include a capital improvement plan for upgrading and improving the city's wastewater system in the most efficient and cost-effective manner. The project will benefit the city's 442 existing customers and provide the means for expanding service to unserved customers outside the city.

**ROANOKE SCHOOL WATER LINE EXTENSION, CONTRACT 1, LEWIS COUNTY**

(iSqFt Project ID# 2483619) Bids will be accepted until 9:30 AM on 10/19/2015 for mobilization and demobilization, 2,500 LF of 2” PVC DR 14, 12,900 LF of 6” PVC DR 14, 36,800 LF of 8” PVC DR 14, one (1) 250 gpm booster station and miscellaneous appurtenances for Contract 1, Roanoke School water line extension. A pre-bid meeting will be held on 10/6/2015 at 10:00 AM at the Lewis County Economic Development Authority, 110 Center Avenue, 2nd Floor, Weston. Bids should be submitted to Lewis County Economic Development Authority, 110 Center Avenue, Weston, WV 26452 (304)269-4993. Plans and specifications are available from The Thrasher Group, Inc., 155 Blue Angel Lane, Beaver, WV 25813 (304)431-7800. Plans and specifications are expected in the CAWV Physical Planroom and Internet Planroom at [www.isqft.com](http://www.isqft.com).

**ROANOKE SCHOOL WATER STORAGE TANK, CONTRACT 2, LEWIS COUNTY**

(iSqFt Project ID# 2483649) Bids will be accepted until 9:30 AM on 10/19/2015 for construction of a 183,000 gallon glass lined bolted steel or welded steel water storage tank including valve vaults, piping, site work, and fencing for Contract 2, Roanoke School Water Storage Tank. A pre-bid meeting will be held on 10/6/2015 at 10:00 AM at the Lewis County Economic Development Authority, 110 Center Avenue, 2nd Floor, Weston. Bids should be submitted to Lewis County Economic Development Authority, 110 Center Avenue, Weston, WV 26452 (304)269-4993. Plans and specifications are available from The Thrasher Group, Inc., 155 Blue Angel Lane, Beaver, WV 25813 (304)431-7800. Plans and specifications are expected in the CAWV Physical Planroom and Internet Planroom at [www.isqft.com](http://www.isqft.com).

**STONEWALL JACKSON WATER STORAGE TANK PAINTING, CONTRACT 3**

(iSqFt Project ID# 2483652) Bids will be accepted until 9:30 AM on 10/19/2015 for sand blasting, weld repairs and exterior surface preparation for the 500,000 gallon Stonewall Jackson water storage tank, Lewis County. A pre-bid meeting will be held on 10/6/2015 at 10:00 AM at the Lewis County Economic Development Authority, 110 Center Avenue, 2nd Floor, Weston. Bids should be submitted to Lewis County Economic Development Authority, 110 Center Avenue, Weston, WV 26452 (304)269-4993. Plans and specifications are available from The Thrasher Group, Inc., 155 Blue Angel Lane, Beaver, WV 25813 (304)431-7800. Plans and specifications are expected in the CAWV Physical Planroom and Internet Planroom at [www.isqft.com](http://www.isqft.com).

**COMMERCIAL SEPTIC SYSTEM, HAMPShIRE COUNTY**

(iSqFt Project ID# 2481261) Bids will be accepted until 1:00 PM on 9/17/2015 for installation of a commercial septic system consisting of a fiberglass tank with minimum capacity of 1,500 gallons and chamber system with four – 80 foot lines for the Capon Bridge Tech Park. Bids should be submitted to Hampshire County Development Authority, 91 South High Street, Romney, WV 26757 (304)822-4320. Plans and specifications are available from Hampshire County Development Authority, 91 South High Street, Romney, WV 26757 (304)822-4320.
Plans and specifications are expected in the CAWV Physical Planroom and Internet Planroom at [www.isqft.com](http://www.isqft.com).

**HURLEY REGIONAL WATER PROJECT – PHASE VI, BUCHANAN COUNTY, VIRGINIA**

(iSqFt Project ID# 2482735) Bids will be accepted until 2:00 PM on 10/7/2015 for construction of approximately 23,460 LF of 8-inch water line, 200 LF of 6-inch water line, 18,030 LF of 4-inch water line, 7,230 LF of 2-inch water line, pitless booster pump station, a hydropneumatic tank station, and all related appurtenances for Phase VI of the Hurley Regional Water project. Bids should be submitted to Buchanan Public Service District, 1023 Old Benns Branch Road, Oakwood, VA 24631 (276) 935-5853. Plans and specifications are available from Thompson & Litton, 103 East Main Street, Wise, VA, 24293 (276)328-2161. Plans and specifications are expected in the CAWV Physical Planroom and Internet Planroom at [www.isqft.com](http://www.isqft.com).

**BELT FILTER PRESS / BUILDING REPLACEMENT, NITRO WWTP** (Bid 9/10/2015)

*CAWV Members in bold type*
PAYMENTS ON FEDERAL AID PROJECTS IN WEST VIRGINIA TO BE DELAYED

A shutdown and upgrade of the FHWA's financial system will delay payments on federal aid projects locally according to the WVDOH.

**Background**
The Fiscal Management Information System (FMIS) is the financial software system used by the US DOT and FHWA. This is the primary financial information system for allocating and tracking an annual $40 billion in federally funded highway projects. It tracks authorizations, obligations, apportionments, allocations and limitation information.

**Why is it shutting down?**
The rollout of the new system requires the US DOT to shut down the entire financial management system while it closes Federal Fiscal Year 15 and uploads data for Federal Fiscal Year 16 and beyond. This period will include final testing to ensure that the system is operating properly prior to granting DOT's access.

**When is it shutting down?**
FMIS will be inoperative from September 25, 2015 until October 25, 2015. This will have major impacts on how projects are authorized and the states, including WV, are reimbursed.

**How does this impact my project?**
Locally this rollout will not impact state funded projects, Advanced Construction (AC) projects or P3 projects. These projects will be paid according to the normal Estimate Cutoff Calendar. The September 11 Estimates on federal aid projects should be processed in time for contractors to receive payments under the normal timeline.

The September 25 and October 9 Estimate Payments, however, will be delayed two weeks or longer than the normal processing period. Again, the current FMIS system will be down September 25 and hopefully reopen on October 26, so processing times could be longer when the new system goes back on line. An Estimate Cutoff Calendar is attached for your reference. Again, at this time and until further notice, the only estimates to be processed for Estimate Cutoffs for September 25 and October 9, will be state funded projects, AC projects and P3 projects. There will be a delay in processing all other Federal Aid project payments until FMIS is upgraded to FMIS 5.0.

The Districts are aware of this situation and may be able to answer specific project questions. John Taylor, Assistant Director, Contract Administration, is also available for inquiries and may be reached at (304) 558-9876 or by email at John.E.Taylor@wv.gov.
U.S. TRANSPORTATION DEPARTMENT ADJUSTS HIGHWAY TRUST FUND BALANCE PROJECTIONS

Projecting the cash flow in and out of the Highway Trust Fund is a difficult task for the U.S. Department of Transportation. The Department just released new estimates that indicate there may be a sufficient balance to allow highway and transit funding to continue without interruption until June 2016, six months beyond the previous estimate. In making this new projection, the Department noted that, “many programs funded through the Highway Trust Fund are only authorized through Oct. 29, 2015. Although sufficient balances exist in the Highway Trust Fund to maintain solvency through the third quarter of FY 2016, an October 29th lapse in authorization prevents new obligations in Highway and Transit programs and impacts reimbursements to States.”

In July, Congress passed an extension through October 29 and provided an additional $8 billion in revenue to the trust fund. At that time, it was estimated that $8 billion was needed to keep the trust fund solvent through December 2015. DOT’s estimates are based on current spending and revenue trends. With the pace of construction typically slowing down greatly in the winter and increased revenue expected due to additional driving, the revenue projections are better than first anticipated. Unfortunately, the extra time could give lawmakers leeway to pass another temporary extension instead of finishing a multiyear transportation bill. Please continue to pressure your representatives and tell them to complete work on a long-term highway and transit bill now.

WEBINAR: DIFFERING SITE CONDITIONS: WHO PAYS FOR UNDISCLOSED AND UNFORESEEN RISK?

AGC of America will be hosting a webinar on Thursday, September 17 from 2:00 PM – 3:30 PM for contractors and owners on Differing Site Conditions. Participants in the seminar will learn practical pointers on how to manage this risk in contract negotiations, contract administration, and project management. Understand notice requirements, stop work rights, and work continuation obligations when encountering Differing Site Conditions. Member price is $99 with registration required. Click here to register or call (703) 837-5399.

JUDGE ISSUES INJUNCTION AGAINST EPA/CORPS WATER RULE - HALTS IMPLEMENTATION FOR 13 STATES

New federal rules to protect smaller streams, tributaries and wetlands took effect on Aug. 28 — but only in some states. A federal judge has blocked the Obama administration’s controversial rule Aug. 27, hours before the rules were to go into effect, but only in 13 states. The injunction only affects the states involved in this particular case -- Alaska, Arizona, Arkansas, Colorado, Idaho, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, South Dakota and Wyoming. For all other states, the rule goes into effect August 28. The Waters of the U.S. (WOTUS) rule has been challenged in multiple courts across the country. A U.S. District Court Judge issued a ruling in relation to one of these lawsuits, which was brought by more than a dozen states led by North Dakota.

The judge, appointed by President George W. Bush, said that the challenging states are "likely to succeed" in their lawsuit because U.S. EPA appeared to exceed authority granted by the Clean Water Act in determining its jurisdiction, and issued a preliminary injunction halting the rule from implementation. "The risk of irreparable harm to the States is both imminent and likely," he wrote, adding that, "on the whole, the greater public interest favors issuance of the preliminary injunction."
STREETSCAPE PROJECT, CITY OF CHARLESTON

(iSqFt Project ID# 2482706) Bids will be accepted until 2:00 PM on 10/1/2015 for replacement and/or repair of various sections of the City of Charleston’s downtown streetscape. A mandatory pre-bid meeting will be held on 9/18/2015 at 10:00 AM in the City Engineer’s Office, 114 Dickinson Street, Charleston. Bids should be submitted to City of Charleston, Shannon Milroy, 501 Virginia Street, East, Room 101, Charleston, WV 25301 (304)348-8014. Plans and specifications are available from City of Charleston, 501 Virginia Street, East, Room 101, Charleston, WV 25301 (304)348-8014. Plans and specifications are expected in the CAWV Physical Planroom and Internet Planroom at www.isqft.com.

STREET PAVING, CITY OF NITRO

(iSqFt Project ID# 2480242) Bids will be accepted until 3:00 PM on 9/24/2015 for paving and some milling of 11th Street from Route 25 to Second Avenue, 39th Street from Route 25 to Second Avenue, a section of Hillside Drive to turn around, and paving of the area at the corner of Route 25 and 22nd Street for a parking area for the City of Nitro. Bids should be submitted to City of Nitro, 20th Street and Second Avenue, P. O. Box 308, Nitro, WV 25143 (304)755-0705. Plans and specifications are available from City of Nitro, 20th Street and Second Avenue, P. O. Box 308, Nitro, WV 25143 (304)755-0705. Plans and specifications are expected in the CAWV Physical Planroom and Internet Planroom at www.isqft.com.

A/E, VALLEY PARK IMPROVEMENTS, PUTNAM COUNTY

(iSqFt Project ID# 2478340) Statements of qualifications from professional firms to provide engineering and construction management services for several improvement projects at Valley Park will be accepted until 3:00 PM on 9/21/2015. Proposals should be submitted to Putnam County Commission, 12093 Winfield Road, Winfield, WV 25213 (304)586-0201. For additional information contact Putnam County Commission, Brian Donat, 12093 Winfield Road, Winfield, WV 25213 (304)586-0201.

EOI, ENGINEERING SERVICES, GREENBRIER VALLEY CONSERVATION DISTRICT

(iSqFt Project ID# 2481304) Expression of Interest for engineering services for the Greenbrier Valley Conservation District covering Greenbrier, Monroe and Pocahontas Counties as need for a period of 1 year will be accepted until 4:00 PM on 9/18/2015. Proposals should be submitted to Greenbrier Valley Conservation District, 179 Northridge Drive, Lewisburg, WV 24901 (304)285-3118. For additional information contact Greenbrier Valley Conservation District, Gene Saurborn, 179 Northridge Drive, Lewisburg, WV 24901 (304)285-3118.

OSR CHEYENNE SALES COMPANY S-2009-96, O-11-83

(iSqFt Project ID# 2483579) Bids will be accepted until 1:30 PM on 10/29/2015 for restoration, reclamation and repair of approximately 30 acres with two sites known as the Cheyenne Sales Company, the preparation plant area and refusal disposal area in Upshur County. A mandatory pre-bid meeting will be held on 9/24/2015 at 10:00 AM on site. Go to the Instructions To Submit Bids document. Bids should be submitted to www.wvOasis.gov and solicitation number DEP1600000014. For additional information contact State of WV, Beth Collins, 1900 Kanawha Boulevard, East, Charleston, WV 25305 (304)558-2157. Plans and specifications are available from State of WV at www.wvOasis.gov. Plans and specifications are expected in the CAWV Physical Planroom and Internet Planroom at www.isqft.com.
**TMDL DEVELOPMENT MONOGAHELA / HUGHES RIVER WATERSHED**

(iSqFt Project ID# 2480478) Proposals for Expressions of Interest from professional firms to provide Total Maximum Daily Loads for impaired streams in the Monongahela and Hughes River watersheds will be accepted until 1:30 PM on 9/29/2015. Proposals should be submitted to State of WV, Beth Collins, 1900 Kanawha Boulevard, East, Charleston, WV 25305 (304)558-2157 or [www.wvOasis.gov](http://www.wvOasis.gov) and solicitation number DEP1600000009.

**CONSULTING ENGINEER, WAITES RUN BRIDGE, HARDY COUNTY**

(iSqFt Project ID# 2482791) Letters of Qualifications from engineering consulting services for contract plans for the replacement of a bridge carrying West Virginia Route 55 over Waites Run will be accepted until 4:00 PM on 10/5/2015 for the West Virginia Department of Transportation, Division of Highways. The existing bridge is 157.6 feet long by 26 feet wide and is located 0.15 miles east of Hardy County Route 259/11. Proposals should be submitted to WV Division of Highways, Michael Lilly, 1334 Smith Street, Charleston, WV 25301 or by email at [DOH.consultantservices@wv.gov](mailto:DOH.consultantservices@wv.gov).

**CONSULTING ENGINEER, KANAWHA TWOMILE BRIDGE, KANAWHA COUNTY**

(iSqFt Project ID# 2482791) Letters of Qualifications from engineering consulting services will be accepted until 4:00 PM on 10/5/2015 for the West Virginia Department of Transportation, Division of Highways for contract plans for the replacement of a bridge carrying Kanawha County Route 21 over Twomile Creek. The existing bridge is 167.5 feet long by 44 feet wide and is located 1.36 miles north of United States Route 60 Westbound, and is located within the city limits of Charleston for the West Virginia Department of Transportation, Division of Highways. Proposals should be submitted to WV Division of Highways, Michael Lilly, 1334 Smith Street, Charleston, WV 25301 or by email at [DOH.consultantservices@wv.gov](mailto:DOH.consultantservices@wv.gov).
