CAWV / BrickStreet Safety Seminar
ExCAVation and Trenching
OSHA Overview for Contractors

February 1, 2019

8:00 A.M. — 12:00 P.M.

BrickStreet Insurance
400 Quarry Street, Charleston
(Parking available in the Charleston Town Center Mall)

Business Owners, Safety Managers, Equipment Operators, Employees and Anyone Who Needs to Learn How to Prevent the Loss of Life Around Excavation Sites and Avoid OSHA Fines Is Encouraged to Attend.

Cave-ins are perhaps the most feared trenching hazard, but other potentially fatal hazards exist. Learn about all potential hazards present when trenching. Discover why cave-ins occur and how to avoid them. Get an overview of proper shoring techniques, sheeting, stringers, repose cuts, and constructing trench boxes. Understand the importance of safe work conditions in and around the location of the dig and how soil types dictate trench slope angles. Know how to plan for excavation emergencies and where you can go for help. Get all the information needed to build your company's excavation plan.

This program fulfills one of the seminar requirements that contractors participating in the CAWV/BrickStreet Safety Program must complete.

For additional information, contact Pat McDonald at 304-342-1166 or pmcdonald@cawv.org

**REGISTRATION**
$35 - CAWV Members
$50 - Future CAWV Members
